Diffusion

# Airleaf

Design Stefan Borselius

De lövformade modulerna är gjorda för att kombineras till ljuddiffuserande avskärmningar i en mångfald av mönster och format.

The leaf-shaped modules can be combined into sound-diffusing screens in a variety of patterns and formats.

Airleaf är tillverkad i formpressad tygbeklädd fiberfilt.

Airleaf is made from compression-moulded fabric-covered fibre felt.

Modulerna monteras ihop med hjälp av små plastclips.

The modules are assembled together using small plastic clips.

Airleaf monteras i tak eller på vägg med hjälp av en aluminiumskena.

Airleaf is mounted to an aluminum rail. The rail itself is mounted to the wall or ceiling.
